

DELOX BOX

Hydrogen peroxide vapor
bio-decontamination system

POWERED BY DELOXHP
Solid formulation of hydrogen peroxide

SPECIFICALLY
DESIGNED FOR **SMALL ENCLOSURES**

Residue
Free

Safe

Portable

Quick
Set-up

Log-6
(99.9999%)

This sales sheet is very simple. Just like our technology.

BIO-DECONTAMINATION FOR EVERYONE, EVERYWHERE.

DELOX PRODUCTS

ACCESSORIES

DELOX BOX

CONSUMABLES

Its software allows you to customize cycle configurations and start your cycle remotely
Dimensions: 8.5 x 8.5 x 11.2 in | Weight: 11.2 lb

DELOX BLOWER KIT

Circulates hydrogen peroxide-enriched air for full** BSC* bio-decontamination

DELOX HYDROGEN PEROXIDE SENSOR

To monitor hydrogen peroxide concentration throughout the cycle

DELOX CATALYSER

To decompose hydrogen peroxide after bio-decontamination

DELOXHP CARTRIDGE 100

For bio-decontamination of working areas of BSCs* or volumes up to 36 ft³

DELOXHP CARTRIDGE 200

For full** bio-decontamination of BSCs* or volumes up to 71 ft³

BIOLOGICAL INDICATORS

10⁶ *Geobacillus Stearothermophilus* spores used to validate log-6 bio-decontamination

CHEMICAL INDICATORS

Chemical indicators validate the effectiveness of the cycle by a clear change of color

* Bio-Safety Cabinet
** Working area, plenum and filters
